**“Children's Safety Initiative – EMS”**

## Who we are:

Oregon Health & Science University (OHSU)

## What we are doing:

A nationwide, NIH-funded survey

## Our mission:

- To identify the contributing factors of safety- events when responding to emergencies involving children;
- To identify important opportunities to support your care of children

## Who we want to hear from:

- EMTs of ALL levels
- Emergency and Pediatric Physicians
- Medical Directors
- EMS Program Managers & Directors

Survey involves completing a series of 3 web-based surveys over a few months to reach consensus

***If you complete all 3 rounds of the study, you will be entered in a drawing to win one of 10 iPads!***
